 - c. Parent feedback-much better than the spring, happy the way classrooms are running, happy to have students go into new school building this year, teachers have done a phenomenal job with organizing and distributing materials, connections via technology are positive, would like for parents to get into the school virtually, frequent/positive emails back and forth with teachers appreciated, can we plan a social time for kids?, Open House was missed- would love an introduction-tour of space, positives coming out of this experience should be highlighted: executive functioning- organization, time management, Zoom protocols
