# ELA-6 Mrs. Whittredge

## Course Description

Welcome to Grade 6 English Language Arts! I'm excited to navigate this year of ELA together.

My goal for this course is to help you learn to use your ELA skills proficiently, but even more importantly, I want you to love reading and writing! To begin fostering that love, we will start our year off with poetry.

## Project Based Learning

Much of our work this year will be Project Based Learning. PBL is a teaching method in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging, and complex question, problem, or challenge.

A letter will be sent home with each new unit to introduce and explain the project. Each of the projects will involve: reading novels or stories, poems, and articles; creative and formal writing; vocabulary; public speaking; grammar and mechanics: and interdisciplinary components, when possible.

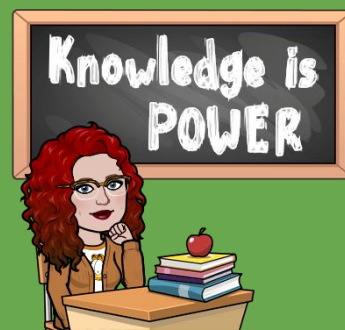

Term 1: Who am I in this world?

Term 2: What is my ideal world? Fantasy

Term 3: How can I make my real world more ideal?
